

LONDON YARD

NON-RECYCLABLE AND RECYCLABLE RUBBISH

Please use only your designated bins for non-recyclable and recyclable rubbish and observe the following rules.

Amsterdam Road 21-31 (flats), 45-55 (flats),

Amsterdam Road 13-19 (shops), 33-43 (shops), 61-63 (shops)

By 13 Amsterdam Road you have three non-recycling bins and one recycling bin. By 63 Amsterdam Road you have two non-recycling bins and one recycling bin. These bins are locked and each resident will be provided with a key.

Amsterdam Road, 65-85

Your bin store is sited at the back of Memsahab restaurant. It has two non-recycling bins and one recycling bin.

Memsahab Restaurant

You use your own bins as per the lease.

Amsterdam Road, 14-96

Two of your seven small bin rooms are recycling areas taking pink bags. The bin areas are clearly marked designating their use as either non-recycling or recycling. To obtain recycling bags, see below.

Frans Hals

Your bin store is situated outside the main door and to the left. It has two non-recycling bins and one recycling bin.

Van Gogh Court

You have two bin stores. Each bin store contains two non-recycling bins and one recycling bin

Vermeer Court

You have two bin areas each with five non-recycling and two recycling bins.

1-11, 2-12 Amsterdam Road. Leerdam Drive

The two outside bin areas in each block are to be split so that one is for non-recycling and one for recycling. To obtain recycling bags, see below.

Rules

- 1. Do not place non-recyclable rubbish into recycling bins.** Food and other non-recyclables contaminate the recycling material. The refuse collectors check the contents of each bin and leave behind anything that is not recyclable **which then attracts rats.** Please observe the guidance printed on notices on the recycling bins.
- 2. Flatten cardboard boxes.** Council will only take cardboard boxes for recycling if they are flattened. If they are too big for the bin, when flattened, place the flattened boxes beside the bin. Unflattened boxes take up too much space and the bins become full too quickly causing litter problems around the estate. Please note that **polystyrene packing** is not recyclable.
- 3. Do not** leave rubbish on the ground.
- 4. Building waste** must not be left on site and must be disposed of commercially.
- 5. Household items** such as mattresses, furniture, suitcases etc must not be left beside the bins. The refuse collectors will not take them. Residents must take such items to the waste disposal site or ring council for pickup (**see 4 below**).
PLEASE be considerate and do not overfill bins with any small non-food items that do fit in the bins. Either dispose of them over time or take them to a waste disposal.
- 6. Individual residents** can arrange for household items to be **collected by Council** free twice in any one year (**Phone 020 7364 5004**) or they can be taken in a private car to the **waste disposal site** located north up Manchester Road, over the lifting bridge and sign-posted right. (**Free collection or disposal is not available to the Management Company.**)
Please tell the caretaker if you have organised a collection and he will oversee.
- 7. Recycling bags** are available to order from the council and for collection from any council One Stop Shop.
